Leadership · Organizational Design · Networks · Machine Learning

RESEARCH AND TEACHING INTERESTS

I am interested in leadership, organizational design, social networks, and deep learning. Additional teaching interests include quantitative methods, microeconomics, game theory and econometrics.

RESEARCH

Using Semantic Networks to Identify the Meanings of Leadership

WORKING PAPER

with Matthew Bothner and Nghi Truong

Text Analysis and Deep Learning: A Network Approach

WORKING PAPER

with Matthew Bothner and Nghi Truong

What raises the social multiplier? Embedding versus decoupling as formal design choices shaping informal networks

WORKING PAPER

with Matthew Bothner, Nghi Truong and Richard Haynes

Semantic Decision Networks

WORKING PAPER

with Matthew Bothner

RFCC: Random Forest Consensus Clustering for Regression and Classification

WORKING PAPER

with Ebru Koca Marquart

EXTERNAL TALKS

2020	80th Annual meeting of the Academy of Management,	<i>Online, Toronto</i>
2020	Nagymaros 2020,	<i>Online, Berlin</i>
2020	Leveraging sports contexts to advance management research,	<i>Online, Stockholm</i>
2019	114th ASA Annual Meeting,	<i>New York City, USA</i>
2019	AOM Organizing, Modelling and Categorizing in the Digital Era Conference,	<i>London, UK</i>
2019	10th Theoretical Organization Models conference,	<i>Frankfurt Germany</i>
2018	78th Annual meeting of the Academy of Management,	<i>Chicago, USA</i>
2017	Econometrics of Panel Data and Network Analysis,	<i>Berlin, Germany</i>

GRANTS

2019	EY Digital Innovation Research Fund, with Matthew Bothner and Nghi Truong.
2016-	ESMT PhD Fellowship, ESMT Berlin & Berlin School of Economics
2014-2015	TiQE scholarship (PhD track in quantitative economics), German-French University Association
2014-2015	ERASMUS scholarship, University of Bielefeld

TEACHING

2021	Lecture on Natural Language Processing, BSE Management Science
2020	Leading through Networks EMBA Class, TA for Gianluca Carnabuci
2019	Lecture on on Natural Language Processing, BSE Management Science
2018	Lecture on on Games on Networks, BSE Management Science

EDUCATION

2016-	PhD Fellow in Management, ESMT Berlin, Berlin School of Economics
2014-2015	Empirical and Theoretic Economics (M. Res.), Panthéon-Sorbonne, PSE, ENS Cachan
2013-2014	Quantitative Economics (M.Sc.), Bielefeld University
2009-2012	Economics (B.Sc.), University of Münster
